Judy Horacek

This is Growl.

Growl is a little monster.

She lives alone in a castle at the end of Eucalyptus Drive.

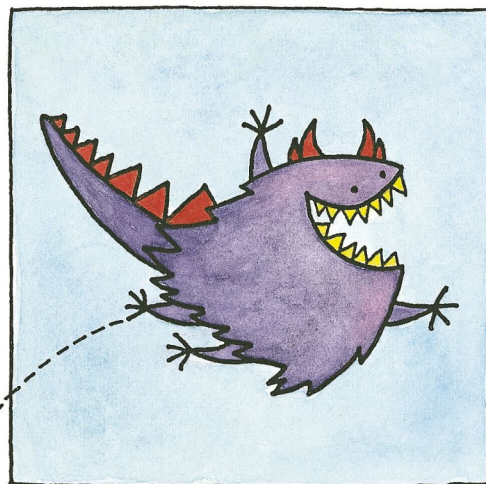

Growl likes to hop . . .

and skip . . .

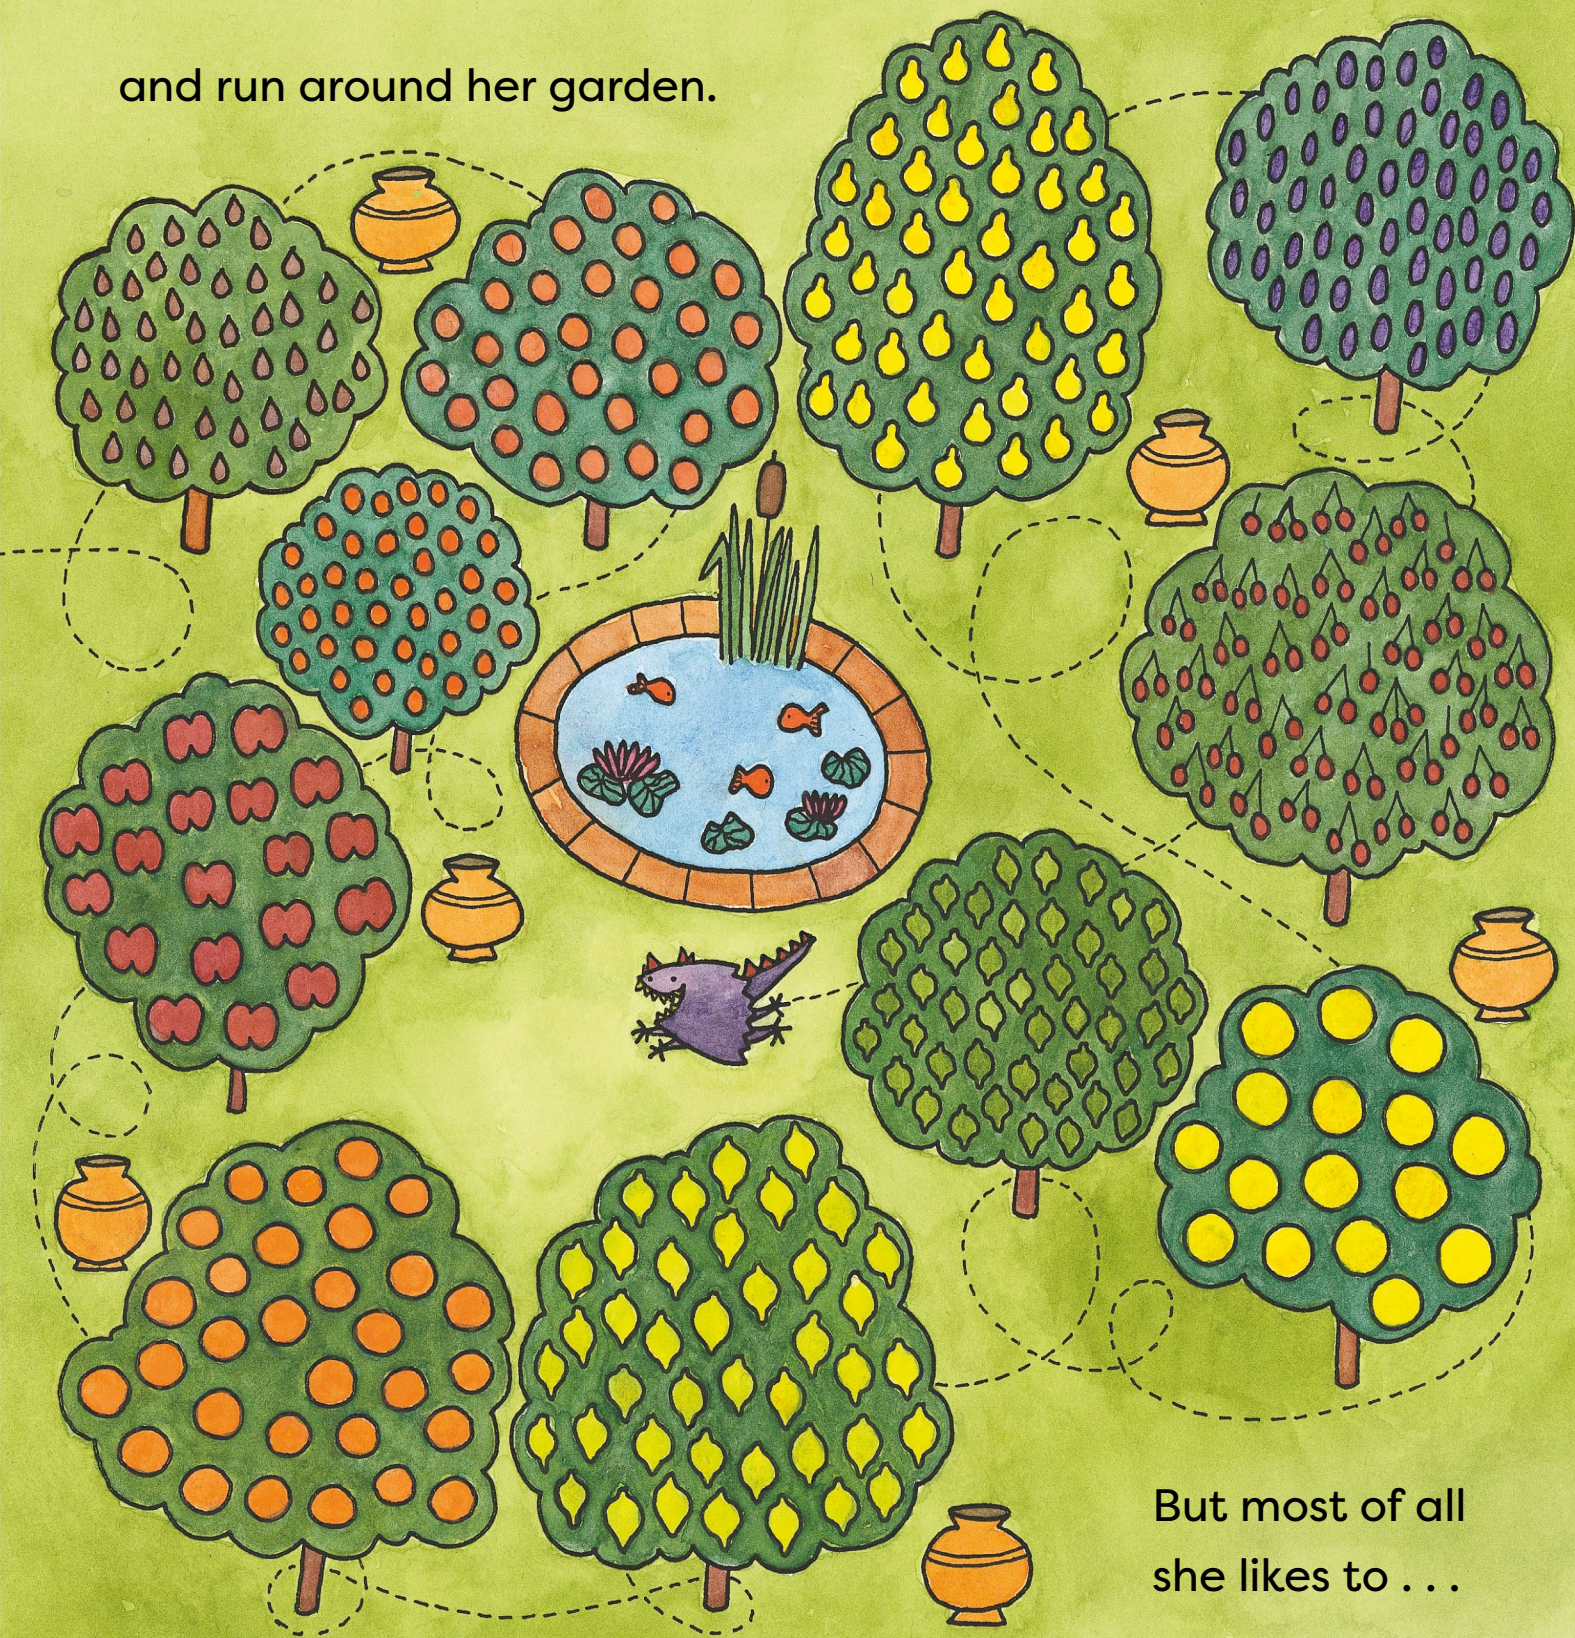

and jump . . .

and run around her garden.

But most of all  
she likes to ...

**growl!!**

Growl is a little monster. And little monsters love to GROWL!

But what does a little monster do when the neighbours stop her doing the thing she loves the most? What will happen on Eucalyptus Drive? Will Growl ever get her growl back?
